21 April 2011

For the attention of the Chief Executive

Dear Sir

**Vendor Reference: 7007149 LETTER OF APPROVAL**

We have pleasure in informing you that your Quality Management Organisation under your Quality Manager, **Jafar Hersi** has been found satisfactory following our recent audit under Survey Report **PG 124/11**. We have, therefore, allocated our Supplier Approval number **7007149** to your organisation and have made the appropriate entry in our Register of Approved Suppliers. The approval, which may be amended or withdrawn with due cause, covers the following Manufacture/Supply classification:

**REPAIR & OVERHAUL FOR GOODRICH TORNADO POWER TAKE OFF SHAFT  
[APPLICABLE TO SAUDI ARABIA AIRFORCE REPAIRS ONLY]**

Valid until: **30<sup>th</sup> April 2012**

Any changes affecting the above classifications must be notified to U Haq, Quality Manager, without delay. This approval is conditional upon compliance with the Goodrich Power Systems quality requirements through Goodrich Power Systems Specification PS-06-10 "Requirements For Supplier Quality Assurance" and maintenance of a satisfactory standard of supply and will be subject to periodic audit and review. Any changes at your organisation affecting the defined supply classification must be notified to the undersigned without delay.

This approval is conditional upon you maintaining your AS9100, ISO 9001 or regulatory approvals. If these expire within the approval period without replacement, this may invalidate your approval for Goodrich, and requires immediate notification. Updated certificates should be forwarded to maintain our records.

Would you please acknowledge receipt of this letter, confirming that you understand the Conditions of Approval and that the contents have been communicated to your Quality Manager/Chief Inspector.

**Yours faithfully**

**Julie Bailey**  
Quality Administrator  
Goodrich Power Systems
