Jeddah 21414  
Kingdom of Saudi Arabia

For the Attention of Nasser Mansour, CEO

Dear Sir,

**MICROTECNICA REPAIR AGENT APPROVAL**

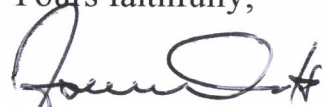

Following the successful completion of the FAQ activities on 1 March 2005, I am pleased to provide hereto a Certificate of Approval hereby granting approval for AACC to undertake the maintenance, repair and overhaul of the Flap and Slat Screwjack assemblies installed on the Royal Saudi Air Force (RSAF) Tornado in the Kingdom of Saudi Arabia.

This approval is subject to the following conditions:

1. AACC maintain Quality Supplier Approval from BAE Systems.
2. AACC operate within the scope of work defined in the Tornado IKR Contract between BAE Systems, Panavia, Alenia and MICROTECNICA.
3. AACC shall at all times comply with MICROTECNICA approved repair processes and procedures.
4. All breakdown spare parts consumed in the repair are sourced from MICROTECNICA.
5. The scope of the approval does not include the overhaul of the ballscrew assembly which shall be returned to MICROTECNICA for overhaul.
6. Given reasonable notice, AACC shall grant access to MICROTECNICA representatives to undertake an audit of the repair operation.

Should MICROTECNICA consider AACC to have breached any of the above conditions, then MICROTECNICA reserves the right to withdraw its Original Equipment Manufacturer's Approval.

Yours faithfully,

Francesco CIOFFI  
Product Support Director
